**Sunday 9th December 2012
Okehampton Camp**

To help children such as Holly Boyes, 4 years old, who has a very rare condition called Rett Syndrome, we will be raising money for Battledown Centre for Children and Families. Essentially we are helping Holly's family fundraise for an Eye Gaze computer. The Eye Gaze computer will allow Holly to communicate and learn, hopefully giving her some independence.

In memory of Isla, stillborn on 13.7.12 we will be raising money for the Snowdrop Appeal which has been set up to raise £100,000 towards setting up a new Specialist Unit or area for Bereaved Parents of Still Birth, Miscarriage and Early Baby Loss at Derriford Hospital, Plymouth. It will be ideally situated away from the busy maternity area hopefully easing the trauma and loss they will experience in such tragic times. They also would like to provide specialist support for families to help them through their bereavement and loss with experienced specialised staff.
